Chairman Message

I am proudly associated with the Best open school in India. Yes, I am holding the very important post of chairman of this particular Central Government Recognised school education Institute & board in India , which is known as NOBSE widely. We all know that receiving education is one of our fundamental rights. It is also known by all of that our honourable government is trying to allow every Indian to enjoy this particular fundamental right of receiving education tirelessly. But it is an undeniable fact that - it is not possible for every Indian to go to an Educational Institute to attend even any of the classes running by that particular Educational Institute regularly to complete a preferred course. That is the reason our very own and Government Recognised open school education institute & board in India is here.

Yes, we are here to hear from you, We are always perfectly prepared to make you properly prepared with the weapon of education to create a brilliant and bright future for yourself as well as for our country. If you are an old person and your age factor is stopping you to get education by attending regular classes then contact with our the Best senior secondary education board in Delhi which is the Best senior secondary education board in India as well. We will fulfil your craving for education definitely.

If you have any health issue or the monetary problem or any of the other issues which is hindering you to complete your preferred course by attending regular classes of any of the Educational Institutes of our country, then don't hesitate to take help from our the best 10th & 12th school education board in India immediately. We will take a very nominal amount of money to unzip the treasure of education before your naked eyes. Yes, our the Best school education in India provides low budget contents to anyone who really needs and is truly interested! But the quality of the contents is guaranteed.

Dr Vikram Singh Chauhan

ABOUT NOBSE

Education is not an ornament of a human being but it is one kind of life supporting food for a whole Nation in reality. It is the modality which is very much related with growth, improvement and development of a nation entirely and as a whole. In our motherland India education is one of the fundamental rights of any of the citizens as a matter of fact. India, our beloved Nation is still struggling to create the proper infrastructure to allow every Indian to receive and enjoy this very fundamental right of becoming a well-educated person eventually.

There are so many of deadly obstacles to provide the most nutritious food of education to every member of every corner of every Indian society indeed. Some people are not able to go to attend regular classes to any of the Educational Institutes due to some of their health related permanent and untreatable problems.

Some of the Indian families are going through the financial crisis and that's why they are not able to send their children to an Educational Institute to receive education, knowledge and wisdom to create a bright and golden future for their families as well as for the whole Nation. Meaningless superstitions and some of other valueless things are very much active to become the hindering factors for many of the young Indians to receive proper education by attending regular classes in various Educational Institutes as a matter of fact.

A vast portion of the backward society is still in the darkness of illiteracy. Some Indian families feel pride to compel their girls to become illiterate even now. Our nation is trying to solve each of these problems and many more by applying extreme effort indeed. Our very own and one of the best distant Educational Institutes of India is doing the same thing undoubtedly.

Yes, NOBSE is trying to open wide doors to get the opportunities of open learning system and distance education for those people who really need these modalities with an open heart by opening this open learning Institute in actuality. We are not eager to provide only the educational opportunities but also very much particular about maintaining the quality of what we teach. We invite openly to take the advantage of this open Educational Institute which is one of the best educational institutes of the country to get the opportunities of Open Learning system and distance education from the over aged people, people who are suffering from health problems or financial problems or from rural or backward societies etc. Who really want and need it, with the Assurance of providing them our professional skill to guide them

and support them properly and perfectly. We consider every scholar of any age, any gender and any society as one of the assets of our great Nation. We treat and teach them accordingly. That is our speciality.

OUR VISION

Illiteracy is a stigma, a canker rather. It can create the flood of problems for a person, for a society, for a nation as a matter of fact. A person, who is not literate, has to suffer a lot. Yes, he or she has to struggle a lot for so many things in his or her life literally.

An illiterate person does not get proper respect and honour from the society, from unknown people, from his or her own people even. We are very much aware of these things. We also know that our government is constantly trying to make education easily available for all. But it seems that government is facing so much of difficulties to remove all the hindering factors to make education easily available for all.

That's why we are here. We can provide education properly to the doorstep of every interested person indeed. Yes anybody can receive the light of education by contacting us. Our open Educational Institute is literary open for all. We are not crazy for the booty. We just want to beautify the life of a knowledge seeker person by providing him or her the ornament of education. We provide the distant learning system in actuality. Anybody, who is interested to receive higher education from his or her own home, can contact with us to take the help of our distance learning program to fulfil his or her superlative goal of becoming an educated person. Our charges are very nominal. But we maintain the quality of the contents we provide to our students undoubtedly.

This is really the best place to receive education and knowledge from faraway of the institution and without attending a single class in reality. So, if you are not able to attend regular classes to complete your courses, then call us now and receive your proper education perfectly from our popular Educational Institute, which is open to all - always!

OUR MISSION

An educated person is a priceless asset for a society. In other words we can say - literacy is nothing else but a curse for any of the societies of the planet Earth. It's true that, to pacify the witch of bad luck as well as to receive the successive blessings of the pixy of success, education is not important only but it is an essential modality in actuality.

But it is not possible for each and every member of the society to go to an educational Institute to attend the regular classes to learn something at all. That's why we are here. We have the capability to remove the gap between a student and an Educational Institute as a matter of fact.

By taking help from us anybody can learn anything from his or her home comfort. Yes, we are promoting the distance learning process by providing all the opportunities to the interested people very easily. We are very much particular to maintain the quality of the whole learning system as well. Our mission is to make our motherland a land of educated people only. Education is not a thing of business for us. We consider us as the devotees of Goddess Saraswati as a matter of fact. - this is our vision.

We want to convey this message to every Indian - if you are not able to attend your courses or classes regularly, don't worry. Hold our hands to complete your educational journey from your own home, far away from our Institute very easily and not paying so much of money but maintaining the quality. Please help us to help you to become educated and to present our motherland as a fully educated country in reality.

AIMS & OBJECTIVE

Illiteracy is really a big problem in India. It is the mother of so many difficulties of our country as well. Illiteracy creates and promotes poverty subsequently. It is the one of the causes of superstition, hatred for the girl child, child marriage dowry system and many more. An illiterate mother is not capable enough to take care of her children which causes child death. Illiteracy is stopping the development of our country undoubtedly.

Our honourable government is constantly fighting to remove the stigma of illiteracy from the four head of our country. Government is trying every citizen of India to go to any of the educational institutes of any corner of the country as per his or her requirement as a matter of fact. But the truth is - it is not possible for every Indian to go to any of the Educational Institutes of the country to attend regular classes to complete a preferable course. That is why our Best senior secondary education board in India is here.

Our Institute is a Self-Government Autonomous Board under MHERD Ministry of Labour Employment & Training. It is Registered & Recognised by :- Government of India NCT of Delhi

- INDIA. We provide the opportunities to receive blessings of education from far away of the institute (which is the Best 8th , 10th & 12th school education board in India) and by enjoying the comfort of a home to everyone who can grasp the importance of education in life but not able to go to any Educational Institute to attend regular classes in reality.

We have the same aim which our honourable government has. But we work. differently Yes, our procedures and process are different for our honourable government definitely. Government wants people to come out from their homes to avail education. But the objective of this Best school education in India is to help people to avail education from their homes only. Anybody who really understands the validation of the importance of education in his or her life, can get the light of education, can complete a preferred course, can earn a degree, can establish himself or herself in society without visiting any of the classrooms of any of the educational institutes by taking help from our Best open school in India in reality.

EXAM PROCEDURE

Examination Cycle :- Flexible Examinations are conducted two times in a year i.e. June & December.

EXAM DATE		LAST DATE TO ENROLL FOR EXAM	
December	1st to 10th December	September	1st to 30th
June	1st to 10th January	March	1st to 31st

TYPE OF EXAM

National Open Board of School Education-NOBSE conducts three types of Examinations

(A) CENTRE BASED

Students can opt for three hours classroom examination as well .The exam will be conducted at National Open Board of School Education-NOBSE study centres. In such a case the students will not be allowed to refer study materials in the examination centre. The student should indicate the preference for this option at the time of admission in application form.

(B) ASSIGNMENT BASED

Case study based question paper is applicable for home or Email option. Support for understanding this Case study based question paper is applicable for home or Email option. Support for understanding this option shall be provided on info@nobse.in To apply for examinations student should send filled exam demand form which is available on our website or send a request on info@nobse.in before 60 days from particular session. For Example, if a student enrolls for December session, then he/she should send exam demand form, two months before the session i.e. between 1st September to 30th September. Kindly make sure that exam demand form should be sent on only info@nobse.in only not any other email id then only it will be accepted.

(C) HOME BASED

Every Student gets a Username and Password, which they can use to login to the Student Portal of National Open Board of School Education-NOBSE and as per the date of examination the students can give their exams online.

If you fail to send your request on time then you are requested to send your demand form for next session only, we will not accept your demand form at any circumstances if you will not submit on time as per session's last dates. Once you decide to make an examination request, shall have to confirm the date for examination at least sixty day in advance from particular session (Refer the above Table), Thus on receiving question papers you shall have to attempt the papers within stipulated time; making late submission shall be liable to submit Rs.200/- per day delay charge for a maximum period of eight days.

The examination shall stand cancelled if the answers are not received up to eight extra days' time. Subsequently, shall have to apply for re-examination. The re-examination charges shall be Rs. 500/- per paper and the delay charge of Rs. 1600/- shall also be charged, (for example re-examination of three subjects fees to be paid will be: $1600 + 500 \times 3 = 3100$). This is to inform you beforehand so that you avoid late submission of answer sheets. Submission of handwritten answer sheets is compulsory along with question papers at National Open Board of School Education-NOBSE RZ-5, Third Floor, Above Manappuram Gold, Gurugram Road, Old Roshan Pura, Najafgarh Delhi - 110043 (INDIA) Office only by courier.

GRADING & DIVISION SYSTEM

A - GRADING

Is based on percentage of marks scored by individual student.

B - DIVISION

On the basis of total sum of marks of all the paper taken altogether will be counted for award of division.

GRADING SYSTEM			
REMARKS	DIVISION	GRADE	PERCENTAGE
Excellent	Distinction	A+	86% & Above
Best	First	A	71% to 85%
Good	Second	B+	56% to 70%
Average	Passed	B	41% to 55%
Below The Marks	Fail	C	Below 40%

C - PASS MARKS

It is essential to obtain passing marks (40%) in internal/practical and external assessment separately.

D - GRACE MARKS

Grace marks are not added to the score of a particular paper or to the total marks. Such marks are optional in nature and are granted in order to pass a considerate favour to the student without affecting the magnitude of score / aggregate.

E - RE-EVALUATION / RECTIFICATION

1- Candidate desiring Re-evaluation of their answer book should apply on the Prescribed forms so as to the controller of Examinations within 30 days from the date of declaration of result. Re-evaluation of the answer books will not be permitted in supplementary examination / due papers.

2- Board the right to refuse Re-evaluation.

3- Re- evaluation is not permissible in practical / Viva-voice / Project work etc.

4- In case of error in the marks sheet, the candidate may write to the board within 20 days from the date of dispatch of marks card along with the original marks card and photo copy of the same.

F - SYMBOLS

- SC** - Successfully Completed
DUE - Due Subject / Papers
NC - Not Completed
A - Absent

G - IMPORTANT

1. Results shall be declared within 45 Working days from the submission of answer sheets.
2. Mark Sheet & Certificate will be issued together within 45 Working days from the date of declaration of final result of entire programmes.
3. In case of any queries regarding results please contact us at info@nobse.in | www.nobse.in

✓ **NOBSE RULE & REGULATION**

1-ADMISSION :-

Admission to the National Open Board of School Education will be without any discrimination, irrespective of caste and religion you belong to.

2- PROGRAMME FEES :-

National Open Board of School Education is fully allowed to increase or decrease any type of fees, whether it is Program Fees, Registration Fees, Examination Fees, or Duplicate Marksheet, or migration certificate. National Open Board of School Education reserves the right to collect the charges of all.

3- SYLLABUS :-

The National Open Board of School Education has full authority through the MHERD institution to make any changes in its syllabus according to the needs and conveniences of the students.

4- EXAMINATION :-

The National Open Board of School Education reserves the right to take all its own decisions regarding the examination,

National Open Board of School Education has made the exam process very well keeping all types of students in mind, like admission will be held twice in a year i.e. June and December and examination will be held 2 times in the month of June and December.

But the On-Demand exam pattern of the National Open Board of School Education is the best and is for everyone, under this pattern there will be 4 slots of admissions in a year i.e. January, April, July and October and there will be a provision to do exams in the month of March, June, September and December.

The examination pattern of the National Open Board of School Education is different from all Three types of examination have been made,

A- In Centre Based Exam, National Open Board will conduct a 3-hour examination for each subject, you will have to give this exam at the place organized by the board.

B- In the Assignment Based Exam, the question paper will be sent to your mail id by the board, you will have to make an assignment of the answer of all the questions and send it to the board's address, for which the students will be given 10 days' time,

C- Home Based Exam, will be an online exam, for which you will get 3 hours' time for every exam, only you should have internet facility with you, no matter where you are in any corner of the world.

5- RESULTS :-

The result will be made online after 30 to 45 days of the exam, regardless of whether the student takes the exam from any pattern.

6- ISSUE OF CERTIFICATE :-

All students will be issued their Marksheet and Certificate within 30 days of the result being online.

7- CERTIFICATE CORRECTION :-

For any correction in the certificate by the National Open Board of School Education, the student will have to fill the Certificate Correction Form and submit it to the board's office with a nominal fee. After 30 days, new certificates will be issued to the student.

8- CERTIFICATE VERIFICATION :-

The National Open Board of School Education is fully committed to the verification of any certificate issued by the Board. student certificate verification will be done on time, whether it is telephonic, through e-mail or letter verification by department,

9- ANSWER SHEET :-

The answer sheet of all the students will be kept safe with the board only for 30 days till after the examination is conducted by the National Open Board of School Education and after the result. After that the board has full right to destroy all the answer sheets, for which the institution has given all the rights to the Chairman of National Open Board of School Education, Dr. Vikram Singh Chauhan. He is able to run the board with his own understanding, he does not need any further permission to run the board. If needed, the chairman of the board can implement any new law and can also make changes. There will be no objection to any higher officer, president, secretary, member, director, trustee, of MHERD organization.

10- RESULT & DOCUMENT VERIFICATION :-

All the documents issued by the National Open Board of School Education can be cross-verified in 4 ways,

First - You can check by visiting the website of the board, for which only you have to follow the guidelines of the board.

Second - HR manager of any board, college, university and company can get information about all the certificates given by the board by calling the board's office.

Third - Through email, you can get the information of all the documents submitted by your student or employees, all you have to do is mail the scanned copy of all the documents, which will be answered in 2 to 3 days. without any charge.

Fourth - You can get your student's or employee's documents verified by sending any of your personal officers to the board office, for that every Saturday of the week has been fixed from 2 to 6 pm.

11- RIGHTS OF BOARD CHAIRMAN :-

MHERD organization has appointed Dr Vikram Singh Chauhan on the post of Chairman of National Open Board of School Education by voting through elections without any pressure and without any discrimination with the unanimous consent of all its office bearers.

It has been mentioned above on behalf of MHERD organization that, Dr Vikram Singh Chauhan is being given all kinds of freedom and authority to run the board completely, he will be able to take all kinds of decisions in the board from today, is free, they don't need anyone's permission for any new development, for new changes, for any kind of change in fees, exam, syllabus, result, document verification etc.
